

# TANZANIA ATOMIC ENERGY COMMISSION

## LIST OF CENTRES UNDER CLOSURE AS OF 31<sup>ST</sup> MAY 2020

The Atomic Energy Act No. 7 of 2003 established Tanzania Atomic Energy Commission (TAEC). The mandates of TAEC are to provide regulatory, promotion of nuclear technology in the country and to co-ordinate or facilitate or advise on, the transfer and safe, peaceful utilization of nuclear technology and atomic energy. The regulatory functions of the Commission among other things perform radiation safety inspections in all radiation workplaces in the country. If the radiation safety status of the facility is adequate, the Commission issues authorization in the form of license. However, if the radiation practices pose radiological risks to persons and environment, the Commission according to Section 6 (i) of the Atomic Energy Act may suspend or close down facilities. Therefore, the Commission has on 31<sup>st</sup> March, 2020 issued 75 closure order to radiation workplaces as stipulated below.
